See the attached document for how to create guaranteed hours with the Zone diDifferentials Module in Time Guardian Series software.

The ADV_ZONEDIFF module is required as well as ADV_LABOR and ADV_PAYCLASS or ADV_OVERTIME to allow creation of custom paycodes.

Note: This document pertains to versions 5.x, Plus 2.x and any Pro versions. You may need to refer to your User Guide as a reference if you are not familiar with Time Guardian and creation of items related to this article.
