

How to install a remote client

92 [Frank Mateo](#) Mon, Sep 12, 2011 [Time Guardian Series \(TG 5.x, TG Plus 2.x, TG Pro 4.x\)](#) 2
16641

Attached are instructions to installing a remote client. This only applies to Time Guardian version 5, plus or pro. Requirements are:

- Server Time guardian directory must be shared
- Full control share and security rights must be provided to time guardian users
