

How to restore a Time Guardian backup

162 [Frank Mateo](#) Wed, Feb 16, 2011 [Time Guardian Version 4.0 or Lower](#) 0 11804

Introduction

Amano recommends the following steps on how to restore a Time Guardian backup for version 4 or lower.

Note: The procedure does not apply to Time Guardian Plus or TG Pro:

1. In your USB drive or network drive, check to see if your TG backup is in a form of a zip file or multiple ff2 files.
2. If a zip file, open the zip file and extract to **C:/ Program Files/ Time Guardian.**
3. If multiple ff2 files, highlight all the ff2 files and copy, then paste to **C:/Program Files/ Time Guardian.**

Note: The C:/ Program Files/ Time Guardian path may differ if you have windows vista or windows 7, they may be located under C:/ Time Guardian only

Conclusion

Thank you for your time, and have a great day. As always, feel free to submit ideas on topics you want addressed in the Amano Knowledge Base using the comments feature.
