## Introduction

**I would like to use the employee > certification tab in Time Guardian version 5, Plus, or Pro.**

### Questions:

1. Why is it greyed out in Time Guardian and what module do I have to buy to get it?
2. What is it used for and where does it print out? Where can you sort/filter with it?

### Answer:

1. Certificate tab will be enabled only when you have the Advanced Schedule module.
2. It's just used for information purpose, can't be printed out, sorted, or filtered - same as the supervisor field or picture attachments
