Introduction

How to clear the EX-9500 time clock?

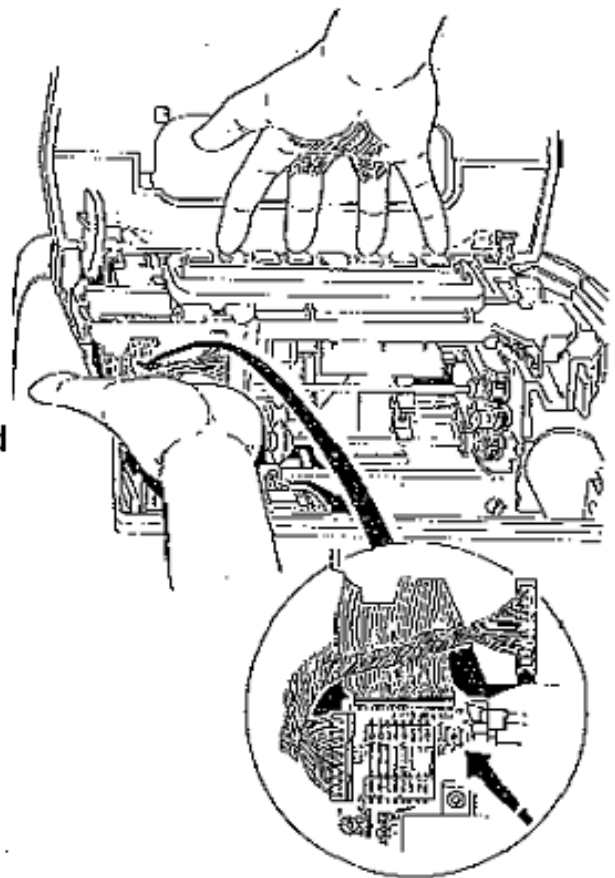

Answer:

TURN DIAL AND SELECT INDEX #2

D.L.S START	D.L.S END	SIGNAL DURATION	IMPRINT		+	-	E
----------------	--------------	--------------------	---------	--	---	---	---

Simultaneously press buttons 2,4,6,8. While holding them down press and release the Reset button located to the right of dip switch 13. After movement of clock hands has finished release the buttons. NOTE: Both clock hands should stop at 12. This is an indication that the clear was done properly. If not then try again.

Conclusion

Thank you for your time, and have a great day. As always, feel free to submit ideas on topics you want addressed in the Amano Knowledge Base using the comments feature.
