Introduction

The **PIX-75 Atomic Time Clock** recognizes and responds to your American English voice commands. Set the time, Daylight Saving, Print Direction, Print Language, Print Method, Atomic Clock, Display Format and even select a pre-designed Print Format using simple voice commands.

Say "**Hello Clock**" and the clock responds "**Welcome, to the Amano time clock, what would you like to change?**" The speak your command, for example "**Time**" to set the time and the PIX-75 will respond appropriately using prompts to guide you.

Also, the clock is completely programmable using top mounted buttons.
