

MTX-15 contrast setting discontinued

566 [Frank Mateo](#) Wed, Jul 5, 2017 [MTX-15 Terminal](#) 0 6615

AMANO.

Introduction

This feature has been removed on firmware version 3.0. The standard factory contrast has been found to be acceptable on all environments with proper lighting. If you have contrast issues, try erasing your clock to factory default. Steps can be found using keyword search "e03" in this website. If you still have contrast issues thereafter, your unit may need to be serviced.
